- ★ Serve as a catalyst in service to state and federal agencies in providing new snowmobiling trails and parking facilities.
- ★ Calender of events for yearly activities.
- ★ Club membership brings recognition to the member from both state and federal agencies and prestige in that recognition.

The Oregon State Snowmobile Association is an organization of individuals, snowmobile clubs, and businesses working together to preserve, protect, and enhance the sport of snowmobiling. OSSA was formed in 1972 by a small group of snowmobilers concerned about our sport. The Association saw a need for better, safer, and more scenic trails and recognized the public demand for a better trail system. Safety Certification classes are scheduled throughout the state to promote safe snowmobiling. Our snowmobilers build snow shelters for the enjoyment of all winter recreationists. We provide representation for legislative issues at the state and national level. OSSA promotes safe, responsible snowmobiling and proper recreational land use. Our mission is to preserve, protect and enhance the sport of snowmobiling. Thousands of acres have been lost and continue to be lost in the West to the preservationist movement. We must act now.....the next land we lose may be your favorite snowmobiling area. OSSA works to keep you on the snow.
